★★★★★ DEHOGA

Rocco Forte Hotel de Rome has 146 bedrooms and suites, a restaurant with Italian cuisine, a bar with separate "Velvet Room" and six banqueting and event rooms including a ball room - all designed by Tommaso Ziffer. The historic building from 1889 which housed the headquarter of Dresdner Bank until 1945 has been completely refurbished and found a new designation in the capital. Located in the vault of the bank is the stunning "Spa de Rome": the former jewel vault has been transformed into a 20-metre indoor pool and the organic cosmetic line "Eminence" is used exclusively for Rocco Forte in Germany.- Please note that due to Corona the Spa and Pool area will be closed.
