Following an extensive renovation after first opening as a hotel in 1913, this luxurious boutique hotel will open its doors in winter 2013. It is uniquely located within walking distance of West Berlin's main attractions and the famous shopping boulevard, Kurfürstendamm. Occupying a tranquil position in a picturesque residential neighbourhood, the hotel is surrounded by various theatres and opera houses. Contemporary interior design blends with the historic Art Nouveau building and creates a charming, intimate atmosphere. The hotel includes 84 stylish guestrooms and three suites on six floors and one restaurant bar offering local cuisine with regional products and drinks. Other features are an exclusive spa on the top floors of the hotel, a fitness room overlooking Berlin's skyline and two private meeting rooms on the ground floor.
